Dear Friend:

Welcome! On September 29, 2000, California Baptist University celebrated fifty years of ministry through education. Since 1950, an abiding commitment to the Great Commission has been a significant component of our vision and passion. In Matthew 28:19, Christ commanded His followers to: “Go ye therefore, and teach….” Teaching is at the very heart of the mission of California Baptist University. Our focus is to serve humanity primarily through teaching within our Christian understanding of service. We provide education at the graduate level in Education, English, Behavioral Science, Business, Kinesiology, and Music. This is an exciting time to be a part of California Baptist University. Again welcome.

May God continue to bless!

Your Brother in Christ,

Ronald L. Ellis, Ph.D.
President
The University

History
On September 18, 1950, the Los Angeles Baptist Association opened the doors of California Baptist College in El Monte to 120 students who came seeking a liberal arts education in a Christian environment.

In 1955, after four years of continued growth, the college relocated to larger facilities in Riverside. Today, California Baptist University’s eight-two-acre campus is home to Spanish-style buildings that include classrooms, campus housing, a library, offices, maintenance and athletic facilities. Growth in all areas paved the way for the institution to become a university on September 25, 1998. And along with continuing enrollment growth California Baptist University continues the tradition of higher education in a Christian environment.

Location and Environment
Located in the Los Angeles Basin, sixty miles east of downtown L.A., Riverside is easily accessible by all modes of transportation. Freeways lead into Riverside from every direction and the city is served by international airports in nearby Ontario and Los Angeles.

California Baptist University is surrounded by cultural and scientific opportunities for students of all interests, and the proximity of other colleges and universities makes possible inter-library and inter-cultural exchanges.

Mission Statement
The primary purpose of this corporation is to conduct regular four-year college courses in education, music, sciences and the liberal arts, and to grant certificates, diplomas and any and all degrees evidencing completion of any course of training, together with any and all honorary degrees and to provide training for Baptist youth and others desiring to be affiliated with Baptist theology and theological instruction and such other instruction as may be needful and advantageous in preparing and qualifying ministers and others for Christian work.\footnote{Articles of Incorporation of the California Baptist College, 1954.}

Philosophy Statement
California Baptist University is a Christian liberal arts institution founded by Southern Baptists to serve the world. As such, the university community provides an accepting, caring Christian atmosphere in which the growth of individuals is enhanced by spiritual formation, personal development, vocational preparation, and a sound, academic, liberating education. In the midst of the pursuit of truth, individuals are encouraged to investigate, practice, and refine their aesthetic, moral, social, and spiritual values in order to prepare themselves to make substantial contributions to the cause of Christ as skilled professionals, thinking citizens, and educated persons.

Educational Standings
California Baptist University is incorporated under the laws of the State of California as a university of arts and sciences authorized to grant the degrees of Bachelor of Arts, Bachelor of Science, Bachelor of Applied Theology, Bachelor of Business Administration, Master of Arts, Master of Science, Master of Business Administration, and Master of Music.

Philosophy of Student Development

As a Christian university, California Baptist University has dual responsibilities to its constituency. As an academic institution, it seeks to promote high scholastic standards, stimulate mental alertness, impart a general knowledge of the natural world and of the history and institutions of human society, and to assist students in choosing and learning an area of specialization for their life's work.

As a Christian institution, the University seeks to promote and follow the spiritual principles set forth by Jesus Christ. In acknowledging these principles, the University places special emphasis on leading its students in an active pursuit of the spiritual values of life and on developing leaders for the Southern Baptist churches of California.

Students at California Baptist University are individuals involved in academic pursuits and at the same time are members of a Christian community nurturing one another in spiritual growth. The University expects students to take seriously this two-fold responsibility.

The Student Services Division is committed to the intellectual, spiritual, social, aesthetic, and physical development of CBU students so that they are assisted in becoming autonomous, competent, responsible, and interdependent individuals who use their intellects and skills with wisdom and integrity.

Freedom and Responsibility

California Baptist University students are entitled to the same freedom as any other citizens of our country. It is the policy of the University to ensure these rights, consistent with the provisions of law, acceptable tastes, and the purposes and goals of the institution. When matriculation in the University requires that conditions be placed upon student freedoms, these conditions and their rationale are clearly delineated.

On this campus, the concepts of freedom and personal responsibility are inextricably bound together. The University community, like any other, functions upon the principle that all members will respect, and indeed will protect, the rights of their fellow citizens. Students are encouraged to develop these values which represent mature, self-disciplined persons who appreciate the privilege of education and are willing to accept its responsibilities.

When persons choose a university, they commit themselves to its philosophy of education and its policies and regulations. Even though students may not agree with a few rules established by the University, it is expected that they will comply with them in a manner conducive to the highest moral standards and in keeping with the discipline of the academic community.

Responsibility for student conduct lies with the Vice President for Student Services, Dean of Students and the Student Services staff. This group defines behavioral expectations and takes appropriate action in support of the rules of the University.

Standard of Student Conduct

In order to achieve its mission, California Baptist University expects members of the University community to accept responsibility for their personal conduct and to encourage others within the community to do the same.

All California Baptist University students (undergraduate, adult degree completion, and graduate) are expected to conduct themselves in accordance with the rules and regulations contained within the Student Handbook.
If the conduct of any member of the University community is found to be detrimental to the academic, social, and spiritual development of others within the community, the University (through its various offices and personnel) provides guidance, direction, and, if necessary, discipline.

This Standard of Student Conduct shall apply to any and all lands owned or leased by the University, as well as to any location where a student is engaged in a University activity. Students should understand the commitment to the spirit of the University and realize that their enrollment is viewed as a willingness to abide by and accept the responsibilities of the environment. A detailed discussion of the Standard of Student Conduct is located in the Student Handbook. Failure to abide by the Standard of Student Conduct may result in dismissal from the University.

**Philosophy of Discipline**

The purpose of discipline at California Baptist University is to assist in maintaining individual and community growth. Personal growth and maturity are encouraged most when each member of the University community uses self-discipline and shares the responsibility to care enough about others to confront them when appropriate. The responsibility to confront one another in a loving manner, if functioning properly, should enable inappropriate behavior to be corrected on a personal level.

Unfortunately, situations may arise which warrant a formalized disciplinary process. The disciplinary procedures of the University are designed to provide a just and equitable process of educational discipline. While every effort is made to protect the rights of students, the University does not attempt to duplicate or to emulate court proceedings and should not be viewed as a court. Student disciplinary procedures, student rights, and the appeal process are outlined in detail in the Student Handbook.

**STUDENT SERVICES**

**Student Employment and Career Services**

The Student Employment and Career Services Center is designed to assist students in their personal journey of career exploration and development, as well as, their immediate employment needs while attending California Baptist University.

In addition to coordinating on-campus jobs for both work-study and non-work study positions, the Center assists students with securing off-campus employment. At no expense to students, the following resources are provided:

- Individual employment and career consultation
- Interactive computer software on topics of career exploration, self-assessment, interview techniques, and résumé writing
- Local job postings
- Seasonal employment and ministry opportunities locally, nationally and abroad
- Internships
- Salary and job trend projections, both locally and nationally
- Directories of employers, including literature and audiovisual material
- Directory of current employment opportunities in business, government, industry, and other agencies
- Brochures and periodicals
- Graduate and professional school catalogs

Job fairs are held both in the fall and spring semesters, as well as, workshops on resume writing, job search, and interviewing skills. Additionally, students may produce professional résumés at the Center. Personal assistance in résumé and interview preparation is available by appointment.

**International Student Services**

The Disabled and International Student Office assists students from other countries in making a successful transition into the American culture and in understanding institutional expectations. In addition to collaboratively processing U.S. Immigration and Naturalization (I.N.S.) documents related to the California Baptist University admissions and enrollment process, the Director of Disabled and International Student Services processes arrival and departure documents.

Upon student completion of the initial enrollment process, an International Student Advisor counsels students regarding I.N.S. regulations and procedures (i.e. Practical Training, Work Permits), and coordinates the sponsoring of activities that promote campus awareness and appreciation for international students.
Public Safety

California Baptist University maintains a Department of Public Safety for the purpose of enhancing the safety and security of the University community. The department assists with the protection of students, employees, and property. Public Safety assumes an educational role in teaching members of the University community to look out for one another.

California Baptist University certifies that it has established a campus security policy, is carrying out that policy, and meets the disclosure requirements of Title IV of the Higher Education Act (HEA) of 1965 regarding campus security policies and crime statistics.

Information in the Emergency Response and Safety Handbook, and Annual Security Report is provided by law annually to all current students, faculty and staff, employees, and upon request to applicants for employment or enrollment or parents, or upon demand to the Secretary of the Department of Education. The Annual Security Report is distributed by the Department of Public Safety throughout the year to new students at registration, and to new employees with their new-hire-packet.

The Department of Public Safety provides twenty-four hour assistance to the campus community. In addition to providing service at CBU Welcome Pavillion, Public Safety Officers patrol all areas of the campus regularly. Public Safety Officers may be contacted by dialing 4311 from an on-campus phone or (951) 343-4311 from an off-campus phone. Public Safety may also be contacted by using courtesy phones located on campus.

Students who operate a vehicle on campus must register with the Public Safety Department. Current parking permits are issued for the school year at the time of registration. Drivers are expected to comply with the University traffic and safety regulations; non-compliance may result in citations, and the suspension of parking and/or driving privileges on campus. Copies of the California Baptist University Vehicle Code are available in the Public Safety Office.

Campus Housing

Students interested in campus housing should consult the Campus Life Office.

Counseling Services

The Counseling Center offers a full program of assistance to individuals as they strive to become more effective, productive, and comfortable as students. The university experience is a time of growth and transition during which students are confronted with questions about self, religious faith, relationships, and future plans.

In addition to licensed professional counselors, supervised Marriage and Family Therapy interns and trainees are available through the Counseling Center.

Students may discuss and explore freely, and in confidence, problems or feelings that are important to them. During counseling, concerns may be examined, alternatives explored, and decisions made about future courses of action.

Individual intelligence and personality instruments, administered by trained personnel, are also available through the Counseling Center. Test results are kept confidential and released to authorized personnel at the discretion of the Counseling Center personnel.

Services offered without charge to California Baptist University students include individual, group, academic, pre-marital, and marriage and family counseling.

Student Health Services

Graduate Students who are enrolled in 5 units or more each semester may be eligible to participate in CBU’s health plan. Participation in the Health Care Plan requires pre-payment and pre-enrollment. Participating students requiring medical attention within the Riverside area should report to the designated University Student Health Care Provider, Parkview Outpatient Medical Group (POMG), located at 9041 Magnolia Avenue. POMG hours are 8 a.m.–9 p.m., Monday–Friday, and 9 a.m.–6 p.m., Saturday and Sunday. Emergency Room service is available at all times. A valid student identification card and an insurance card must be presented in order to receive medical attention.

The purchase of student medical insurance is optional for students who are enrolled in graduate programs.

The goal of California Baptist University Graduate Programs is to provide avenues for working adults to better themselves personally and professionally through practical, ethical, and Christian education. Programs are structured to accommodate busy schedules, as we acknowledge that most of our students are attempting to balance a Graduate education with work, home and family. The Graduate Admissions Office at CBU is available to assist both prospective and current Graduate and credential students.

Graduate Admission
California Baptist University maintains a rolling admissions policy. Applications may be submitted as early as one year prior to the beginning of the term for which the applicant wishes to be approved. New students are admitted annually prior to the beginning of each term. Application must be made on the form provided by the Office of Graduate Admissions and must be accompanied by a non-refundable application fee. All application materials are to be sent to the Office of Graduate Admissions.

Applicants must submit official transcripts from each institution of higher education attended. An official transcript is one the University receives directly from that institution and bears an official seal (students’ sealed copies will not be considered official).

Individual programs require additional application materials. Consult the program section in the catalog for specific application procedures, requirements and prerequisites.

Readmit
Students who have attended California Baptist University, but have for any reason discontinued enrollment for one semester will be required to submit a Readmit application, a $25 re-application fee, and official copies of transcripts from all other institutions attended. Readmitted students who discontinued enrollment for more than one semester will enter under the catalog current at the time of re-admission, and will be subject to the admissions and degree requirements outlined in that catalog. The University is not responsible for providing courses or programs which have been discontinued. For more information contact Graduate Admissions at 1-877-228-8866.

Reapply
Students who have attended California Baptist University, but have for any reason discontinued enrollment for six or more semesters must Reapply for admission. Students will enter under the catalog current at the time of readmission, and will be subject to the admissions and degree requirements outlined in that catalog. The University is not responsible for providing courses or programs which have been discontinued. For more information contact Graduate Admissions at 1-877-228-8866.

Change of Degree Program
Admission to graduate work at California Baptist University is degree-specific. If a student changes plans and wishes to enroll in course work toward a degree other than the one to which he or she was accepted, then the student must file a written request with the Office of Graduate Admissions. This request must be accompanied by all admissions materials required for consideration by the new degree program. No credit toward the new degree will be granted before written approval for admission to the new program has been secured.
International Students
Prospective international students must meet the following qualifications to be considered for admission to a graduate program at CBU.

1. Complete and submit an International Graduate Student Application and an application for the desired graduate program.
2. Submit a non-refundable application-processing fee.
3. Meet the following application and fee deadlines:
   - Fall Semester: July 15
   - Spring Semester: November 1
   - Summer: March 15
4. Applicants must possess the equivalency of a bachelor's degree from a regionally accredited United States college or university. Foreign transcripts must be evaluated by a pre-approved evaluation service.
5. Applicants must certify English language proficiency by submitting a minimum score of 650 (280 on the computerized version) on the Test of English as a Foreign Language (TOEFL). Applicants may also certify English language proficiency by submitting a minimum score of 8 on the International English Language Testing System (IELTS). An original certificate that indicates the applicant’s name and test score must be sent to the Graduate Admissions Office.
6. Applicants to the MBA program must submit a score report with a minimum score of 500 on the GMAT (Graduate Management Admissions Test). Applicants to the graduate programs in English, Kinesiology, Education, and Counseling Psychology must submit a minimum combined score of 1,000 on the verbal and quantitative section of the GRE (Graduate Record Exam). A current, original score report that indicates the applicant’s name and test score must be sent directly to the Graduate Admissions Office.
7. The US Bureau of Citizenship and Immigration Services requires documentation verifying the applicant’s ability to meet financial obligations (tuition, books, transportation, room and board, personal expenses and health insurance) for the first year. The document should always:
   - Be sent directly to CBU from the financial institution
   - Be on official letterhead
   - State the exact amount (in US dollars) designated to the applicant for educational purposes
8. International students are required to pay school expenses each semester in full at the time of registration. It is recommended that a deposit of the first semester expenses be made in advance to CBU’s Student Accounts Office to facilitate payment. The deposit is refundable if the student does not enroll at California Baptist University.

International Students - Approval and Form I-20
When the above procedures have been completed, the applicant’s file will be evaluated. Upon approval of admission, a letter of acceptance and Form I-20 will be issued.

International Students - Clearance for Enrollment
Upon arriving at CBU, and before beginning the registration process, the student must submit Form I-94 and passport to the Graduate Admissions Office to verify Immigration and Naturalization Service approval.
The Purpose of Financial Aid

California Baptist University coordinates and provides financial assistance to students. Financial aid at California Baptist University is administered in accordance with federal, state, and institutional policies. It is important students understand they bear the principal responsibility for meeting educational costs. A federal methodology calculation is used in determining eligibility for financial aid. There are various grants, scholarships, and loans available for students who are eligible for financial assistance. These forms of financial assistance are grouped into the following categories: federal programs, state programs, and private scholarships. Specific information on each of these sources of financial aid is available on the Financial Aid website and in the Financial Aid Office.

Applying for Financial Aid

Students who apply for federal, state, or private aid must complete a Free Application for Federal Student Aid (FAFSA) each year. This form is available from the Financial Aid Office or on the web at www.fafsa.ed.gov. Continuing students may receive a renewal FAFSA in the mail in December. The renewal FAFSA can also be done on the web. The federal Department of Education assigns each student a PIN for ease of filing and for signing the FAFSA electronically.

Completion of the FAFSA will generate a Student Aid Report (SAR) which is sent directly to the student by the federal government. The Financial Aid Office receives the FAFSA information electronically, provided the student lists California Baptist University as an attending institution, referenced by the school code 001125 on the FAFSA.

The amount of financial aid awarded is based on the financial need of the student as determined by the results of the FAFSA. Financial need is defined as the difference between the total cost of attending school (tuition, fees, room, board, books, supplies, and other allowable living expenses) and the Expected Family Contribution (EFC) as determined by the federal government. A student whose Expected Family Contribution surpasses the cost of attendance may still qualify for financial aid.

Requirements for Awarding

An offer of financial aid is generated upon acceptance to the University and completion of the registration process, provided a FAFSA has been filed. Copies of federal income tax returns may be required if the student is randomly selected for verification by the Department of Education. The Financial Aid Office reserves the right to require tax documents to verify information contained on the FAFSA.

STUDENT RIGHTS AND RESPONSIBILITIES

Offer of Financial Aid

Students are required to notify the Financial Aid Office of changes in financial, residence, or academic status. Changes of this nature will be reviewed and adjustments may be made to the Financial Aid award when necessary. Changes in marital status cannot be made once a FAFSA has been completed for that academic year.

Students have the opportunity to have financial aid decisions reviewed and explained by a Financial Aid Counselor upon request of appointment.
Disbursement
Federal loan funds are credited directly to the student’s account. Stafford loan (subsidized and unsubsidized) disbursements are sent directly to the University each semester via Electronic Funds Transfer (EFT). Recipients are notified by the Business Office that funds have arrived. Students may also request Stafford loan disbursements via check. Checks are returned to the lender if not endorsed within thirty days.

Withdrawal from the University
Withdrawal from the University (all classes) during any period of enrollment, whether official or unofficial, may necessitate the return of federal financial aid.

Pursuant to federal regulations (CFR 668.22), a refund calculation will be performed to determine the amount, if any, of Title IV aid (Pell Grant, SEOG, Stafford loans, Perkins loans) earned by the student for their attendance up to the date of withdrawal. The amount of Title IV aid earned is in no way relative to the amount of tuition and fees charged to the student.

The official withdrawal process begins with the completion of the Petition to Withdraw form which is available in the Office of the Registrar. Please refer to the Academic section of this catalog for further details of the process.

Unofficial withdrawals encompass those students who fail to initiate and/or complete the official withdrawal process as noted above.

Ceasing to attend class without proper notification to the Office of the Registrar will result in an unofficial withdrawal and a refund calculation will be performed to determine the amount of Title IV aid earned and the amount to be returned to the Title IV programs. The student is responsible for any resulting balance owed to the University.

SATISFACTORY ACADEMIC PROGRESS
Graduate students who receive any type of financial aid must earn and maintain a 3.0 cumulative grade point average. In addition, the student must earn the required number of units and be able to graduate in the prescribed amount of time. The process of monitoring student progress occurs annually after the fall semester. If the requirements of Satisfactory Academic Progress (SAP) have not been met, the student will be placed on probation the following term. Financial aid (federal, state, or private) funds will not be released until SAP contracts are processed.

SAP Requirements
Satisfactory progress for each semester is based on the completion of no less than the number of units for which the student was funded (i.e., full-time, part-time). Satisfactory progress for the year is based on completion of the number of units within a 12-month period for which the student was funded.

These standards may be different than that of academic standards required to stay in the program, to advance to candidacy, or to earn a degree or certificate. Where differences exist, the following standards set forth in this policy shall be used to determine eligibility for financial aid:

- For full-time enrollment, a student must register, complete, and receive credit for at least 9 units by the end of the noted major semesters (e.g. Fall, Spring, or Summer) at California Baptist University.
- For three-quarter time enrollment, a student must register, complete, and receive credit for at least 7 units by the end of the noted major semesters (e.g. Fall, Spring, or Summer) at California Baptist University.
- For half-time enrollment, a student must register, complete, and receive credit for at least 5 units by the end of the noted major semesters (e.g. Fall, Spring, or Summer) at California Baptist University.
- In addition, a cumulative GPA of no less than 3.0 must be maintained.

Satisfactory Academic Progress (SAP) Contract
When it is discovered that a student has fallen below the cumulative GPA requirement, completes less than the number of units for which they obtained aid, or has reached the graduation time limits:

On the first non-consecutive occurrence, the student will be sent a SAP Probation Contract informing them that to receive aid the following semester they must sign the contract agreeing to achieve the requirements by the end of that semester.

On the second consecutive occurrence (while on probation), the student will receive a Termination Notice indicating that since they failed to meet the terms of the contract they will not be eligible for aid (federal or state) the following semester.
Appeal and Reinstatement Process
Should a student choose to appeal the termination of financial aid, (s)he may petition the University for an exception to the policy. Appeals for reestablishing eligibility may be based on extenuating circumstances. Students must obtain, complete, and submit a California Baptist University Satisfactory Academic Progress Appeal Request Form. The completed form must be submitted to the Financial Aid Office.

Upon submission of a SAP Appeal Request Form, the SAP Appeals Committee will review the student’s appeal, transcript, and other pertinent documents to render a decision.

Student appeals will be handled on a case-by-case basis and outcomes will be different.

If the appeal is granted, the student will be eligible for financial aid but will remain on SAP contract for the following semester. NOTE: SAP probation and/or termination does not necessarily run concurrently with academic probation and/or suspension imposed by the Admissions and Retention Committee. Appeals to the Admissions and Retention Committee have no effect on SAP probation and/or termination.

Units Completed/Not Completed
Certain criteria will be used to evaluate grades at the conclusion of each semester.

- Earned units: the following will be counted as units completed: grades “A” through “D”, “P” (pass) and “CR” (credit).
- Unearned units: the following will NOT be counted as units completed: “F” (fail), “W” (withdrawal), “I” (incomplete) grades.
- Repeated courses: financial aid will be awarded only twice for the same class. The cost of the third attempt will not be covered by financial aid and will not be counted as part of the half-time minimum aid eligibility requirement.

Graduation Time Limit
To be eligible for financial aid, graduate students must graduate within the following schedule:

- Full-time students (at least 18 units per year) have three years of graduate level financial aid eligibility to complete the degree.
- Three-quarter time students (at least 14 units per year) have five years of graduate level financial aid eligibility to complete the degree.
- Half-time students (at least 10 units per year) have eight years of graduate level financial aid eligibility to complete the degree.

Concurrent Enrollment
Eligibility for students attending California Baptist University and another college or university concurrently is determined by the coursework and GPA acquired at California Baptist University only.

FEDERAL FINANCIAL AID PROGRAMS

Common Requirements for all Federal Programs
- Students applying for federal aid must complete a financial aid file which includes the FAFSA.
- Federal aid recipients must be U.S. citizens, permanent residents or eligible non-citizens.
- Federal aid recipients must not be in default on a student loan and not owe a refund on any state educational grant.
- Federal aid recipients must maintain satisfactory academic progress according to institutional standards as stated in this catalog.
- Students concurrently enrolled in other institutions will only be eligible for financial aid based on the units in which they are enrolled at California Baptist University.

Note: Federal program requirements are subject to change at any time.

Federal Work Study Program

Description
- Federal Work Study is a federally-funded, campus-based work study program designed to assist undergraduate and graduate students in job placement to help earn money for their educational expenses.

Eligibility
- Eligibility is determined by a student’s financial need. Priority will be given to students with financial need who have met the March 2nd FAFSA deadline.
Award

- Federal Work Study funds are not disbursed separately to the student; they are included in the student's regular paycheck. Work Study awards indicate a maximum amount for which a student is eligible. Student's earnings will be monitored each pay period and will be adjusted accordingly.

Procedure

- Students who are awarded Federal Work Study must contact the Job Development and Placement Center within two weeks of the first awarded semester to obtain employment and maintain eligibility. By the fourth week, students should have job placement. Federal Work Study students not employed by the fourth week of the first awarded semester will lose the annual awarded amount (Fall & Spring) of Federal Work Study.

Two payment plans are available for students with a balance after financial aid, if applicable.

Two Payment Plans

Plan 1 (Cash)
Students able to pay cash are encouraged to do so. Payment in full at the beginning of each semester or term is required. California Baptist University offers an alternative payment plan for students unable to pay full costs by the start of an academic semester or term.

Plan 2 (FACTS Payment Plan)
Plan 2 enables you to pay all or part of your annual charges in installments without interest. Your monthly payments are calculated on an amount equal to the total expenses less grants, scholarships, or direct payments made to the University. FACTS gives students the option to pay through automatic bank draft (ACH), credit card, or with a modified checking option called FlexExtra. The plan requires a $25 per semester enrollment fee for students using the ACH or credit card option and a $30 per semester enrollment fee for students using the FlexExtra option. Please call the Student Accounts Office at 1-800-782-3382 ext. 4371 for more information.
Financial Clearance
To attain Financial Clearance to attend classes a student must return their signed Tuition and Fee Agreement to the Student Accounts Office and make acceptable payment arrangements to cover their balance in full.

Financial Clearance Deadline Dates
All students should pay their balance by the deadlines specified below to avoid a Late Financial Clearance Fee charge and possible withdrawal from the University.

International students who do not complete payment arrangements by the specified deadline will be administratively dropped from their courses. The Dean of Students will be notified of such action.

Delinquent Accounts
Delinquent accounts are those in which monthly payments are past due. Interest is charged on all delinquent accounts at a rate of .833% per month, or 10% per year computed monthly. In the event an account becomes delinquent and the account is turned over to a collection service, the cost of the service and reasonable attorneys’ fees will be added to the account. Failure to make payments of any indebtedness to the University when due, including, but not limited to tuition, housing or rental charges, student loans, special fees, library or parking fines, is considered sufficient cause, until the debt is settled, to:

- Bar the student from classes
- Record no grades on transcript
- Withhold diploma or transcript of records
- Suspend the student

Returning students will not be permitted to register for classes if a balance appears on their account.

Policy for Refund of Tuition, Fees, Room and Board Charges
Refund policies at California Baptist University are established in compliance with federal and state regulations. These regulations are subject to change at any time. When such changes are made, notice will be given as far in advance as possible. To obtain a refund or a copy of refund policy requirements and calculations, please contact Student Accounts.

Refunds are calculated from the date of official withdrawal. A withdrawal is considered official when a completed Petition to Withdraw Form has been submitted to the Office of the Registrar. The Registrar must approve withdrawals for all students.
Tuition charges may be refunded or credited per the following schedules:

**Tuition**

**Withdrawal from a course**
- Within add/drop period: A student may drop from a course and receive a full credit of tuition. No mark will appear on the transcript and there is no charge incurred.
- Within withdrawal period: A student may withdraw from a course. However, there will be no credit of tuition. A “W” will appear on the transcript and a fee will be assessed for each withdrawal.

**Withdrawal from the University (Graduate 16 week courses)**
A student withdrawing from the University during the semester may receive a credit on tuition (room and board not included) according to the following schedule:
- Within the first two weeks after semester begins: 100%
- Within the third week after semester begins: 75%
- Within the fourth week after semester begins: 50%
- Within the fifth through eighth week after semester begins: 25%
- After the eighth week of the semester: No refund

**Withdrawal from the University (Non-16 week courses)**
A student withdrawing from the University during the semester may receive a credit on tuition (room and board not included) according to the following schedule:
- Within add/drop period: 100%
- After add/drop period: No refund

Refer to the current course schedule for add/drop and withdrawal dates. Course schedules may be obtained in Academic Services. Completion of even one course in a semester will make a student ineligible for withdrawal from the University for that semester.

**Ceasing to attend does not constitute an official withdrawal from a course or from the University.**

**Room and Board**
These charges may be refunded or credited upon written application to the Student Services Office only within the first two weeks of each semester. No room or board refund/credit will be made after the second week.

**Repayment of Financial Aid**
See “Withdrawal from the University” under Financial Aid for a complete discussion.

**Policy for Student Organization Funds**
All student organization funds must be deposited with the University. The University disburses funds through the normal requisition process. All requisitions must have the signature of the organization treasurer or president and the Vice President for Student Services. Proceeds from the sale of yearbook advertising and school newspaper advertising must be handled through the Student Accounts Office. No organization or club is permitted to solicit advertising or contributions without the written permission of the University administration.

The University reserves the right, with or without notice, to change fees and charges when necessary.

Graduation Under a Particular Catalog
Students must adhere to graduation requirements listed in the catalog in effect at the time of matriculation. A student may choose to use any newer catalog, provided that the catalog used is no more than five years old. The catalog remains in effect for the student until degree completion or catalog expiration at the end of five years. All students who are re-admitted to programs at California Baptist University after officially or unofficially withdrawing or any lapse of enrollment longer than one semester will be placed under the catalog current at the time of re-admission, and will be subject to the degree requirements outlined in that catalog. The University is not responsible for providing courses or programs which have been discontinued.

Continuation under the catalog holds ONLY degree requirements; it does NOT hold policies, tuition and fees, and other information, which may change annually. It is the responsibility of the student to attend to changes in policies, tuition and fees and other information. Updates regarding current policies, tuition and fees and other information is available from Academic Services, Student Accounts, Student Services, and other University offices.

In addition to catalog requirements, students are also held to program specific regulations and requirements as outlined in each graduate program Handbook. Students are responsible for obtaining and reading their program Handbook. Contact the program secretary for additional information.

Work in Residence
Students are expected to complete the majority of required coursework in residence. With approval from the program director and Office of the Registrar, a maximum of 9 units of graduate level coursework may be transferred from another university.

Student Load Limits
Students who have not completed program prerequisites may be admitted conditionally with the following stipulations for the first semester of enrollment:

1. If three or more prerequisites are outstanding, the student may not enroll in graduate classes, but may enroll in undergraduate classes to meet the prerequisite requirements.
2. If two or fewer prerequisites are needed, they must be completed with a grade of C or higher by the end of the first semester of enrollment in a graduate program.

Students taking prerequisites at California Baptist University may not enroll in more than 12 units (undergraduate and graduate) in any one semester; individual programs may have a limit lower than 12 units per semester. Individuals requesting exceptions must receive written permission from the program director.

Approval for Graduation
Students preparing for graduation must submit a Graduation Application to the Office of the Registrar. Upon verification of eligibility to graduate a student may participate in ceremonies. Graduation Applications must be submitted by the application deadline or the student will be assessed a Late Graduation Application fee due at the time of application. Applications received after the degree posting date will be required to apply for the next eligible degree date. All candidates for graduation must be recommended by the faculty. Failure to complete degree requirements by the designated posting date may require re-application and an additional fee will be assessed.

Degree Posting Dates
The University posts degrees three times each year, regardless of the specific date all work is completed. All degree requirements must be met prior to the posting date. The three approximate posting dates are at the end of the regular fall semester (last day in December), the end of the regular spring semester (first Friday in May), and the end of the regular summer semester (last day in August). Degrees completed between posting dates will be posted at the next scheduled date.

Once the degree is posted, no changes will be made to the transcript.
Transfer Restrictions
The Office of the Registrar with the program director will evaluate previous college work to determine its relationship to the requirements of California Baptist University. A maximum of nine (9) graduate semester units may be accepted in transfer toward fulfilling degree requirements. The student may be asked to submit a syllabus and/or textbooks for the course in question. Courses must have been completed within the last five years. Only coursework completed with grades of B- or better from a regionally accredited institution is transferable. California Baptist University does not accept transfer work that was not designated as degree-applicable by the issuing institution. A transfer student may be required to submit a letter from the academic institution verifying they left in good standing. Course Transfer Approval forms may be obtained in Academic Services.

Enrollment at Other Institutions
All students who wish to take coursework at other institutions and wish to apply this work toward degree requirements at California Baptist University must receive prior written approval from the program director and Registrar. The purpose of this is to ensure that the coursework is transferable to California Baptist University, and to encourage student success by monitoring total academic load. Students not receiving prior approval for enrollment at another institution may not be permitted to transfer those credits. Additional information and appropriate forms are available in Academic Services.

Scholastic Regulations
A graduate student must maintain satisfactory scholastic standing in order to remain enrolled in a graduate program at California Baptist University. Satisfactory scholastic standing for graduate students is a semester and cumulative grade point average (GPA) of 3.0 or above on a 4.0 scale. Only grades of B- or above will fulfill requirements for a graduate degree.

A student who fails to maintain satisfactory scholastic standing in any given semester is academically suspended. All appeals should be directed to the Chair of the Admissions and Retention Committee in compliance with dates detailed in the letter of notification of suspension sent after the close of the semester.

A student who has been suspended must be approved by the Admissions and Retention Committee for possible re-admission to the University with probationary status. Re-admitted students will be allowed one semester to meet satisfactory scholastic requirements by achieving a minimum cumulative and term GPA of 3.0. Failure to attain a 3.0 GPA during the probationary semester will result in a terminal suspension. All re-admitted students are placed under the catalog current at the time of re-admission. (See Satisfactory Academic Progress in the Financial Aid section.)

Student Grievances
A student wishing to express concerns or grievances about academic matters, involving coursework or interactions with instructors in and out of the classroom, should ordinarily follow a regular order of contacts. The first contact would be between the student and the instructor involved so that there is opportunity for each to address the issues that directly effect them. If the student feels unable to approach the instructor directly or does not believe the issue has been fully resolved with the instructor, the next contact would be with the chair of the department or dean of the School or College having oversight of that course. If issues remain unresolved at these levels, the final academic point of contact would be the Office of the Provost of the University.

Academic Dishonesty
Academic dishonesty (cheating, plagiarism, copying, and other forms) will be reported to the Office of the Provost. A first incident of cheating may be handled at the discretion of the professor in consultation with the Provost. A possible penalty for a first offense is failure in the course in which the offense occurred. Second and subsequent violations shall be referred to the Provost and the Dean of Students for formal disciplinary procedures and may include dismissal from the University. A detailed discussion of academic dishonesty is located in the Student Handbook.

Incomplete Grade Policy
A Petition for Incomplete Work is filed only in cases of extreme and unforeseen emergencies. Students receiving financial aid may adversely affect aid eligibility by taking an Incomplete. If a grade of I is not raised to a passing grade six weeks after the close of the semester, the grade automatically becomes an F and credit for the course may be obtained only by repeating the course. An Incomplete fee is charged for all approved incomplete petitions. Approval for an Incomplete is gained by petition to the Dean of the school or college in which the course is offered. It is the responsibility of the student to initiate and complete the process for incomplete work prior to the end of the semester.
Examinations/Make-up Tests
Students are expected to take all tests at the regularly scheduled time. In the case of serious illness or extreme emergency, a faculty member may allow the student to take a make-up test WITHIN TWO WEEKS of the originally scheduled test date. If the test is not made up within two weeks, the student will receive no credit for that test. It is the responsibility of the student to arrange for a make-up test by securing permission of the instructor IN ADVANCE of the test to be missed. The student must then schedule a make-up test appointment with the Academic Resources Center (ARC). A student who misses a testing appointment at the ARC will not be permitted to take the test at a later time. A $5 fee will be charged for all make-up tests. A student is allowed a maximum of two make-up tests in any one class and a maximum of five make-up tests for any semester. Students who attempt to exceed these limits may be placed on an Academic Contract with the Director of Assessment and Retention. Failure to abide by contract stipulations may result in suspension.

Repeating Courses for Grade Replacement
A student may repeat a course in which a grade of B- or lower was earned. For grade replacement to apply, the course must have been originally taken in residence, and repeated in residence. Courses that may be repeated multiple times for credit are not eligible for grade replacement. Tuition will be charged for the repeated units. Students may not repeat a course once the degree has been posted.

Students who elect to repeat a course may do so only one time for grade replacement. The second grade earned will be used in GPA calculations regardless of which grade is higher. If a grade of B- or higher is not earned when the course is repeated, the student may repeat the course again; however, subsequent grades will not replace the grade from the first repetition. Subsequent grades will be used in GPA calculations.

Grade Changes
Students who believe a grade has been recorded in error have the responsibility to initiate a grade change request with the instructor. There is a five-year limit on requests for grade changes based on computation and recording errors. Otherwise, grades are final at the completion of the course. No grade changes will be permitted once the degree has been posted.

Quality of work in a course is indicated as follows:
- Grade of A Indicates the highest quality of work and is reserved for outstanding achievement.
- Grade of B Indicates definitely superior work done in a sustained and intelligent manner.
- Grade of C Indicates average university-level work satisfactorily performed.

Grade Reports
Grade reports are available to students upon the completion of each semester. Students with a student account hold are not eligible for a grade report.
Change of Address
It is frequently a matter of great importance for the University to be able to locate students quickly. For this reason students are asked to file a Student Information Change form with the Office of the Registrar promptly upon a change of permanent address. Failure to receive University notices because of an incorrect or outdated address provided by the student will not relieve the student of responsibility for information provided.

Size of Classes
Before a class can be offered, there must be an enrollment of at least ten students, or approval of the Provost must be secured.

Directed Study and Independent Study
Directed Study will be limited to those courses listed in the catalog and are part of the University’s regular curriculum. Independent Study will be limited to original coursework not included in the University's regular curriculum. Approval for the arrangement must include the faculty member, program director, and Registrar. In addition to regular tuition, a per unit Directed/Independent Study fee will be assessed. Students petitioning for Directed/Independent Study must adhere to the following guidelines:

- No student may take more than a total of three units of Directed/Independent Study in any given semester.
- Faculty members are not to offer more than two areas of Directed/Independent Study in any given semester.
- A form for Directed/Independent Study may be obtained from Academic Services. It must be completed with the appropriate faculty member and submitted to the Department Chair and Registrar for approval.
- A maximum of 9 units of Directed/Independent Study may be applied towards degree requirements.

Auditing a Course
Courses that are audited are not credit-bearing; they cannot be applied toward degree requirements. Audited courses do appear on the transcript and are indicated by an AU in lieu of a credit-bearing grade.

Post Baccalaureate Credit
Post baccalaureate credit for a course taken as an undergraduate student must be requested prior to the posting of the bachelor’s degree. The following criteria must be met in order to grant credit:

- Course(s) were not used to complete a bachelor's degree, second major, minor, emphasis, or concentration.
- Student was classified as a Senior (90.0+ units) when courses were completed.

Attendance and Withdrawal Policies
Completion of the registration process constitutes a contract and obligates the student for full payment. The student must complete the appropriate process to add, drop or withdraw from a course. To withdraw from the University, the student must submit a Petition to Withdraw to the Office of the Registrar. Students should consult the University Calendar, Schedule of Classes, and Academic Services for course and semester add, drop, and withdraw dates.

Class attendance is of paramount importance, and excessive absences will negatively affect the final grade. The individual instructor defines in the course syllabus the grading attendance policies for each class.

Adding a Course
During the initial Add period a student may add a course to his or her schedule of classes. Adding a course could result in the increase of student account tuition and fee charges.

Dropping a Course
During the initial Drop period a student may drop a course and receive a full credit of tuition if applicable. No mark will appear on the transcript. A student may not drop a class merely by ceasing to attend. Dropping a class could result in the reduction of already awarded financial aid and an increase in the student account balance.
Withdrawal from a Course

Students may withdraw from a course during the Withdraw period. A grade of W will appear on the transcript. No credit or tuition will be granted after the Drop period. After the Withdraw period no withdrawal from a course will be permitted. Students who cease attendance after the withdrawal date will receive a grade of F in that course.

A student who never attends or stops attending a course for which he or she is officially registered, without following the accepted procedures, will receive a grade of F in that course. A student who wishes to initiate withdrawal from a course after the deadline may do so by filing a petition to present a serious and compelling reason for withdrawal to the Office of the Registrar. Approval for such a withdrawal will be granted only in extreme cases where extenuating circumstances are evident and can be substantiated. No financial adjustments are made. Failing or performing poorly in a class, and dissatisfaction with the subject matter, class or instructor are not acceptable serious and compelling reasons for late withdrawal.

Withdrawal from the University and Semester

Complete withdrawal from the University and semester is permitted through the last day of the final examination period. Students requesting full withdrawal from the University and semester must complete an official Petition to Withdraw form available in the Office of the Registrar. The student must also complete the Exit Interview process through the Financial Aid Office and reconcile any account balance in the Student Accounts Office.

Failure to comply with these regulations will result in failing grades being entered on the student’s permanent record and dismissal will be recorded as unofficial.

Refer to the Student Account and Financial Aid sections in this catalog for additional information regarding the effects of withdrawing.

Other Academic Information

Eugene Wallace Collection and the Nie Wieder Collection.

Privacy of Student Records

In compliance with Federal Legislation (Buckley Amendment) a student’s confidential academic record is available for inspection by the student. See the Registrar for further information.

By law the following information may be considered directory information and thus able to be released without prior permission of students involved: student's name; address; telephone listing; e-mail address, date and place of birth; photo, major field of study; participation in official recognized sports activities; weight and height of athletic team members; dates of attendance, degrees, and awards received; and the most recent previous educational institution attended by the student. The University does not release any grade information to any person other than the requesting student without the written permission of the student. Grades will not be given over the phone under any circumstances.

Veterans Information

The Office of the Registrar maintains records for each identified veteran. A record of transfer work is kept on file and the Veterans' Administration is notified of the transfer work accepted for each veteran.

Veterans must provide a written request to the Office of the Registrar at the beginning of each term to initiate reporting of verification of enrollment and academic progress to the appropriate Veterans' Administration office. Any changes in enrollment or attendance should be reported to the Office of the Registrar.

Satisfactory progress must be maintained as specified in the Scholastic Regulations Section under Academic Policies. California Baptist University is a Serviceman's Opportunity College (SOC), and military academic credit or experience may provide some equivalency credit in accordance with the American Council on Education (ACE) guidelines.

Graduate and Teaching Credential Programs in Education

The graduate programs in education are designed to equip individuals with the skills, techniques and qualities of leadership required for professional excellence as classroom teachers, instructional leaders, curriculum developers, administrators, and athletic directors. The programs provide a purposeful balance between theory, practice, and research. Graduates will be prepared to identify their strengths and make choices regarding their future role in the profession. Knowledge of human growth and development, theories of learning, rationales for curriculum design and research methods will be blended to provide the appropriate preparation to allow these choices.

California Baptist University offers a Master of Arts and a Master of Science degree in Education and a state-approved teacher education program for the following credentials: Preliminary and Professional Clear Single and Multiple Subject credentials with Internship options, Preliminary Administrative Services Credential, and Education Specialist Credential in Mild/Moderate Disabilities-Level 1 and Level II. California Baptist University is accredited by the Western Association of Schools and Colleges, and the School of Education is accredited by the California Commission on Teacher Credentialing. Many states have cooperative agreements with California that allow teachers with California credentials to teach in those states. Students may complete a master degree, a credential program or both. The Graduate Academic Advisor, the Education Credential Program Advisors and the Credential Analyst are available to assist in course selection, degree check and other academic information.

Mission Statement

It is the mission of the School of Education of California Baptist University, a Great Commission University, to prepare teachers of high moral character and ethical behavior to teach in the diverse schools throughout the world.

As part of the Great Commission, the faculty and staff are dedicated to their Christian responsibility outlined in Matthew 28: 19-20:

Go ye therefore, and teach all nations…and lo, I am with you always, even unto the end of the world.

Teacher Education Credential Programs
The Elementary Subject Matter Program allows candidates to complete course work in a state approved program that provides the requisite knowledge and skills to teach in a multiple subject classroom, however teaching in the elementary classroom requires passing the appropriate state examination. Students seeking a Single Subject Credential must major in an academic discipline. Single Subject Candidates may satisfy Subject Matter Competence by completing an approved academic program at the university, or by passing the appropriate state examination. Presently, the Credential Program includes three phases: prerequisites, methodology and specialization courses, and student teaching or internship. Each of these courses requires field experience. The culminating experience is the semester of full-time student teaching or internship in local schools.

Obtaining a Single Subject Credential authorizes the holder to teach all subjects in kindergarten through grade twelve in departmentalized classrooms. The individual obtaining a Multiple Subject Credential is authorized to teach all subjects in kindergarten through grade twelve in self-contained classes. All credential candidates must take the state-administered California Basic Educational Skills Test (CBEST) before being admitted to the program. All credential candidates must pass the state-administered CBEST before student teaching. Multiple Subject and Education Specialist candidates must pass the Reading Instruction Competency Assessment (RICA) prior to applying for the credential.

When the student has successfully completed all credential requirements, a Preliminary Teaching Credential may be obtained. The Preliminary Credential is valid for five years. Within this five-year period, all other legislated requirements must be completed to obtain a Professional Clear Credential. It is the student's responsibility to contact the School of Education about changes in legislated requirements.

The credential program offered by California Baptist University is a state approved program; therefore, it is subject to revision at any time by state or federal law. Specifically, California Baptist University has been approved by the California Commission on Teacher Credentialing for Multiple Subject, Single Subject, and Internship Credentials under SB 2042. The University and the School of Education reserve the right to modify the teacher credentialing requirements when directed to do so by the California Commission on Teacher Credentialing. Since credential legislation and regulations are subject to change, it is the student's responsibility to contact the School of Education about current regulations. Please contact the School of Education for more information.

For Credential Admission Requirements see Admissions and Screening Procedures for Teacher Education Candidates following the Admission Requirements for the graduate programs.
Preliminary Single Subject Credential

The Preliminary Single Subject Credential program requires completion of an approved program in one of the subject areas taught in secondary schools. Each Single Subject Credential program candidate must meet additional requirements beyond the subject major. These requirements can be obtained from the School of Education Credential Program Advisors.

Single Subject Candidates who have not completed an approved subject matter preparation program may qualify for the credential by achieving a passing score on the relevant subject area California Subject Examination for Teachers (CSET) and fulfilling the state requirements related to the U.S. Constitution. The following units of professional education coursework are necessary to complete requirements for the Preliminary Credential:

Prerequisites to being admitted to the program are listed below. Prerequisite courses must be completed and a Certificate of Clearance must be secured before beginning the methods courses in the professional sequence.

## Education Specialist Credential in Mild/Moderate Disabilities—Level II

The Professional Level II program comprises 16 semester units, but four units may be from approved non-university activities. Each candidate will be required to complete the fieldwork course that accompanies four of the six seminar courses or to identify approved non-university activities to meet the fieldwork course requirements, participate in those activities, and evaluate the effectiveness of those activities in meeting the performance goals outlined in the Professional Level II Induction Plan. This program design also allows each candidate to select specialization courses from those required for the Cross-cultural, Language and Academic Development (CLAD), educational computing, Reading Certificate courses, school health education, and graduate research. Candidates for the Level II Credential are recommended by the University.

** Required for Level II Credential

## Professional Clear Credential

The Professional Clear Credential/Level II requires completion of an approved induction program or advanced course work and the recommendation of an approved agency. The California Commission on Teacher Credentialing has approved California Baptist University for the Professional Clear Credential (Level II) for the Education Specialist in Mild/Moderate Disabilities.

Credential candidates must meet California credential requirements, which include Special Education (EDU 541 or SPE 541), health education, computer education, and CPR certification. Program Advisors in the School of Education are available to help plan individual programs.
Prerequisite Coursework

EDU 300  American Public School (3)
Exploring the educational paradigm historically and philosophically, students survey curriculum practices, teacher effectiveness, learner needs of the public schools, and classroom management to understand the challenges of teaching today. Emphasis is placed upon cultural diversity and a dynamic society. Prerequisite for all other education courses. Eight hours involved in a Cultural Plunge plus ten hours of fieldwork are required.

EDU 302  Growth, Development and Learning (3)
This course is a study of human growth and development during the first two decades of life. Emphasis is placed on how teachers apply theoretical foundations of the learning process, cultural forces affecting behavior, testing, grouping of students, and inclusion.

EDU 315  Reading and Writing in the Content Areas (3)
Focusing on the attainment of skills as a teacher of literacy, this course requires students to demonstrate content reading and writing competencies, such as determining levels of reading achievement, applying readability formulas, evaluating textbooks, and developing strategies for vocabulary, critical thinking, and comprehension. Focus is placed on the preparation of lessons using the PAR framework: prereading, assistance, and reflection. Students are also introduced to beginning reader strategies. Cross-listed with EDU 515 & RDG 515. Twenty hours of fieldwork required.

EDU 416  Teaching Reading and Phonics (3)
