- Bruce Stokes presented his proposal for a new Master of Arts degree in Behavioral Science. The degree is designed for individuals interested in church-based counseling. Students graduating with this degree will have the academic preparation for counseling, formally and informally, in a congregational setting, and the skills to direct and coordinate a counseling ministry within a church. The program emphasizes a sound understanding of behavioral science approaches to counseling combined with a thorough understanding of theology as a behavioral science. Thirty-six (36) units are required for the degree.

- After significant discussion a motion was made, seconded and unanimously passed to accept the proposal.

- The meeting was adjourned at 11:30 a.m.
