**Undergraduate Curriculum Committee**  
April 4, 2003

**Present:** Jonathan Parker, James Lu, David Pearson, Scott Key, Erica McLaughlin, Bruce Stokes, Gary Barfoot, Mary Crist, Alan Fossett, Dan Wilson, Shawnn Koning, Margie Arnett

- Dave Pearson opened the meeting in prayer.

- Dave Pearson presented a proposal to change the 3-unit Movement Anatomy course with associated 1-unit Lab (KIN 263 and KIN 263L) to only a 3-unit class. The modified syllabus was handed out to the Committee. This change will reduce the Kinesiology core units from 48 to 47 units. A motion to accept the proposal was seconded and approved unanimously.

- Dr. Crist presented a proposal for the implementation of a Fast Track option for students pursuing a single subject credential. This option would be similar to the Fast Track option for those seeking the multiple subject credential (Liberal Studies). Applicants for the program must have passed the required test or completed the required subject matter courses (waiver). A motion to have the amended proposal placed in the catalog was seconded and unanimously approved.

- Dr. Crist presented a proposal to have ECH 330 (Language Development in Infancy and Early Childhood) removed as a required course for the Human Development concentration as it is no longer needed due to course content coverage in other courses. She also recommended that EDU 341/541 (Exceptional Children-an existing course) become a required course for the Human Development concentration to meet the new state standards. A motion to approve these proposals was seconded and unanimously passed.

- Dr. Key presented the following from the Department of History, Philosophy and Political Science:
  - The elimination of the Social Science major was proposed. The Social Science waiver is actually best met by the courses necessary for a double major in History and Political Science. This double major requires 36 units each in History and Political Science with 12 possible units overlapping. It was also proposed that the “Social Science Education” portion of the catalog have the following added: “Individuals who wish to teach social studies at the secondary level (a Single Subject Credential) should take a double major in History and Political Science.” A motion was made, seconded and unanimously passed to approve this proposal.
  - History: Dr. Key made four sub-proposals for modifying the History major.
    - Add Humanities I and II (existing courses) as requirements for the major (replacing electives in the major).
    - Add a senior capstone project requirement for the major (replacing an elective in the major).
    - Add an option to elect up to six units (two courses) of Political Science courses POL 423, 425, 427 or 483. These six units would count toward the History major.
    - Cross list History of Western Philosophy I & II (HIS/PHI 301 and HIS/PHI 302) and Diplomatic History of the U.S. (HIS/POL 443). A motion was made, seconded and passed unanimously to approve these History major items.
  - Philosophy: Dr. Key submitted a proposal for PHI 253 Logic to be changed to a 300-level course. A motion was made, seconded and passed unanimously to approve this proposal.
  - Political Science: Dr. Key submitted a proposal to add a capstone senior project course (replacing an elective in the major). A motion was made, seconded and passed unanimously to approve this proposal.
Criminal Justice Administration: Dr. Key submitted a proposal to add two additional courses to the curriculum: CJS 355, Report Writing for Criminal Justice and CJS 351, Evidence. These courses are part of the special program for active duty law enforcement personnel. Syllabi were provided for each. It was recommended that the syllabi be edited to more clearly explicate student learning objectives. With this recommendation a motion was made, seconded and passed unanimously to approve this proposal.

Latin I and II: Dr. Key submitted a proposal with syllabi to add Latin I and II to the curriculum. It was recommended that the syllabi be edited to more clearly explicate student learning objectives. With this recommendation, a motion was made, seconded and passed unanimously to approve this proposal.

The meeting was adjourned at 2:15 p.m.
