1. Dr Skubik opened the meeting in prayer. 

2. This meeting was devoted entirely to developing updated Desired Student Outcomes.  
After significant review and discussion about the University Mission, Philosophy and  
Goals (page 4, 2000-2001 University Catalog), the following revised Desired Student  
Outcomes were completed: 

Upon completion of a degree program, each student at California Baptist  
University should be able to: 

(1) Understand Biblical Christian faith and practice, Baptist Heritage and the  
Christian’s role in fulfilling the Great Commission; 

(2) Appreciate cultural, philosophical, and aesthetic experiences and perspectives; 

(3) Evaluate, synthesize and express ideas in written and oral form, and  
demonstrate competence in mathematical, scientific and technological skills; 

(4) Transfer and apply academic studies to a profession and the workplace. 

(5) Implement a personal and social ethic that results in informed participation in  
all levels of community. 

3. The motion to approve these Desired Student Outcomes to be sent to the new Faculty  
Senate for review in September 2001 was seconded and unanimously approved. 

4. The last item of discussion was about how all of the School/College Deans and  
Department Chairs will have to develop the ability to measure the achievement of  
each of these outcomes. This measurement will need to be done for students in three  
phases: (1) during their progress toward a degree at CBU, (2) at graduation, and (3)  
beyond graduation. 

5. The meeting adjourned at 10:56 a.m.
