This Complementary Masters program must be taken in a specific order which requires the completion and posting of the M.S. degree first. Courses may be taken concurrently, but the M.S. degree must post at least one semester prior to the M.A. degree. The above sequences are recommended to fulfill prerequisite requirements and maintain student’s eligibility for financial aid. Any deviation from the suggested sequence may result in unmet prerequisites and/or student’s inability to enroll in the minimum number of units required to qualify for financial aid.
